# EXECUTIVE DIRECTOR'S MESSAGE

I would like to thank our prestigious Board Members, Donors, Colleagues, Advisors, Volunteer Professionals, Women's Network and Youth Network for joining hands to work towards the promotion of peaceful coexistence through social and economic well-being of diverse vulnerable communities in Pakistan. We started our journey in 2021 and had several face-to-face and virtual discussions to establish Weaving People to Grow Foundation (WPTG Foundation). It is a non-profit development organization initially working in the Rawalpindi district of Pakistan with a strong focus on values of Respect, Dignity, Accountability, Transparency and Accountability. At the inception of WPTG Foundation, we developed its 5 years strategic plan aligned with Pakistan Vision 2023 and United Nation's Sustainable Development Goals (SDGs) and we are glad with our progress in attaining our objectives as per the strategic plan. The tribute goes to our hardworking and focused Board Members, Donors, Colleagues, Advisors, Volunteer Professionals, Women Network and Youth Network who are loyal to the vision of the organization.

We are endeavouring to achieve our vision by eliminating injustice and poverty within financially poor families because we believe injustice caused at any level harms systems and outcomes of institutions, families and individuals. Secondly, along with injustice, poverty pushes individuals to disturb peace within themselves and in the outside environment. We believe in today's world poverty is aggravated by lack of education, employment and engagement. Therefore, through six thematic areas 1) Promotion of Education, 2) Church and Community Development, 3) Climate Action 4) Social Cohesion 5) Community Decent Work and Economic Growth 6) Good Health we are striving to achieve our vision of promoting peace and prosperity in the country. Our target groups are youth, women and children.

In 2022, we are pleased to initiate our programs on 1) Youth Vocational Training, 2) Youth Scholarship, 3) Supporting Vulnerable Families with Food Bags. Besides it, we have also held Career Counseling Awareness Sessions and Spiritual Sessions for Christian Youth, Women and Children in churches and within communities. We have pledged to accelerate our programs to reach out to half a million beneficiaries in the course of next five years.

WPTG Foundation encourages a culture of observation, reflection, and continuous improvement because we believe this practice not only helps improve the quality of our programs but also enables learning and sustainable growth of our teams and beneficiaries.

Once again, I would like to express my heartfelt gratitude and warm wishes to all stakeholders and beneficiaries of WPTG Foundation for their commitment and contributions to promoting peaceful coexistence by fostering peace and prosperity among the marginalized diverse communities in Pakistan.

Ms. Kiran Peter  
Executive Director  
Weaving People to Grow Foundation
