The age range of these children is 4 to 14. We are helping them to explore what they want to become when they grow up. The children are also encouraged to think positively and take care of the creation all around them because we humans are stewards of this universe.

A fashion designer with 25 years of experience in this field has been hired. The classes are held from Monday to Friday from 11a.m. to 1p.m. We are training 10 women in the sewing and stitching skills at present, they feel happy to come to the centre, meet, talk and learn.

Currently, the admissions are open for the sewing centre. Please contact +923325929598 for admissions.

We also stitch women and girls suits and sarees in low prices, please contact us if you would want to get your suits or Sarees stitched.

Besides, learning the skills the girls also get peace education and learn how to resolve conflicts at household level and community level. We believe women are important because they have very close connection with their children as birth givers and bringing them up. Women can transform the mindsets of their family members and children to promote peace in their surroundings.
